# NASH IS 40 YEARS OLD! CELEBRATE WITH US

Come and help us celebrate this major milestone for NASH. In its first 40 years, NASH has seen enormous change in materials, systems, design, regulation and construction. At the NASH Industry Workshop we will be looking forward over the next 40 years to explore trends in these areas and to identify opportunities and challenges for the steel framing industry.

## Some of the topics to be covered include:

- Major developments in the steel framing industry over the last 40 years
- Building market update and opportunities
- Member case studies
- Update on competition law
- Overview of latest research findings
- Contract disputation and how to avoid it
- Changes and solutions for NCC 2022
- Growing your business successfully
- What will the industry look like in 10 years time.

In addition to the workshop program, there will be plenty of opportunity for both new and old members to meet in a friendly environment, learn from each other and assist in setting the future direction of their business.

The program kicks off on Sunday afternoon with a wine tasting followed at night with an informal dinner to allow members to reacquaint after a COVID break and also make new friendships.

Due to heavy accommodation bookings in Healesville the Sunday wine tasting and dinner will be held

at Yarra Valley Lodge and where accommodation is available for Sunday night. The Yarra Valley Lodge is half an hour from the RACV Healesville where the NASH workshop will be held.

The workshop itself will commence on the Monday at RACV Healesville at 8.30am for registration. It will consist of 2 days of interactive sessions, with a formal celebration of NASH's 40th anniversary at the Monday night dinner inhouse at RACV Healesville.

***Come and join us in Healesville.***
